

COPIER, FAX AND PRINTER TONER PRODUCT GUARANTEE*

Katun Corporation (Katun) guarantees that all Performance copier, fax and printer toner products (collectively "Performance toner product" or "Performance toner cartridge") are free of manufacturing or material defects for 365 days from date of purchase. All Performance toner products are manufactured to perform equal to or better than the comparable original equipment manufacturer's ("OEM") products. Performance toner cartridges, used as intended by Katun and under normal conditions, will not cause harm to the copier, fax or printer machines ("machine") nor should such use void the machine warranty.

Any Performance toner product that has been found to have a manufacturing or material defect within 365 days of purchase will be replaced with a new product, free of charge.

Should the Performance toner cartridge be found to have caused damage to the operating components of a machine due to a manufacturing or material defect, Katun will reimburse the costs to repair the machine as follows. Reimbursement will occur only after Katun receives (i) the Performance toner product that appears to have damaged the machine and (ii) a written statement on company letterhead from a representative of a service or dealer organization authorized to repair or service that OEM's machine, stating the operational damage caused to the machine's operating components, the itemised £ cost amount to repair the specified damage and how the Performance toner product caused such damage.

*** The product warranty is exclusive and in lieu of all other warranties, expressed or implied, including warranties of merchantability and fitness for a particular purpose.**
